

SAVE TIME—ACCOMPLISH MORE

Higher productivity with Sectra

EASE OF USE

Intuitive and user-friendly design saves you time through less mouse mileage and fewer clicks.

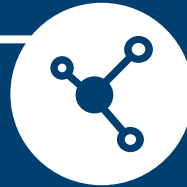

SYSTEM UPTIME

A rock-solid system lets you carry out diagnostics at all times.

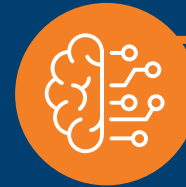

A SINGLE WORKSTATION

Stop spending time on switching workstations and applications—access all images, patient information and tools from one place.

ARTIFICIAL INTELLIGENCE

A unified entry point to both native and best-of-breed AI tools speeds up your access to new innovations and enables increased efficiency and accuracy.

ENTERPRISE COLLABORATION

Improve means for workload balancing and speed up communication with full enterprise access to patient images and information at all locations.

INTEGRATED DIAGNOSTICS

Optimize time during tumor boards—prepare, run and follow up cases in a shared solution with pathology.
